who has perhaps heard more women's secrets than any other man or woman in the country. These secrets are not se-crets of guilt or shame, but the secrets of suffering, and they have been confided to Dr. R. V. Pierce in the hope and ex-pectation of advice and help. That few of these women have been disappointed in their expectations is proved by the fact that ninety-eight per cent, of all women treated by Dr. Pierce have been absolutely and altogether cured. Such a record would be remarkable if the cases treated were numbered by hundreds only. But when that record applies to the treatment of more than half-a-million women, in a practice of over thirty years, it is phenomenal, and entitles Dr.
Pierce to the gratitude accorded him by
women, and the honor paid him by the
profession as the first of specialists in
the treatment of women's diseases.

Every sick woman may consult Dr. Pierce by letter, absolutely without charge. Every woman's letter which contains her secret remains her secret. It is read in private, answered in private, and its contents guarded as a sacred confidence. That no third party should enter into this secret, all replies are mailed, sealed in perfectly plain envelopes, with out any printing or advertising whatever, upon them.
